1. **Typography**
   a. **Font Style:** Choose clean, soft, and rounded sans-serif fonts like **Nunito**, **Poppins**, or **Quicksand**.
   b. For headings: Larger, bold fonts in your dark green color (**Poppins**).
   c. For body text: Neutral grays or beiges for readability (**Nunito**).

2. **UI Elements**
   a. **Background:** Light beige or off-white.
   b. **Buttons & Highlights:** Use the soft green as the main button color, with hover states in darker green.
   c. **Icons:** Use a flat or slightly gradient style that aligns with the organic theme.
   d. **Shadows:** Subtle and soft, mimicking the layered effect of your logo.
